Military-trained, ASCBOC certified Medical Laboratory Technician ASCBOC MLT (Militartyrained) to B.S. in Medical Laboratory Science

This transfer plan is intended for studenwho havearnedASCPBOC MLT certification through a U.S. military training program whoare interested in pursuing B.S. in Medical Laboratory Science Stevenson University These students receive automatic admission to the Stevenson University Mediatabratory Science programpon acceptance to the University. The equivalencies below demonstrate how a student can the equivalence of the B.S. in Medical Laboratory Science Please note:

Only course from the military training program thataveSUcourse equivalencies are displayed. This guide
does not show all transferable course student may have taken the military training program or at another
2-year or 4-year institutionMilitary

Training Program Course Requirements(METC Curriculum at			Credits
George Washington University)	Stevenson Equivalency	Category	Transferred
,	MLS 210 Prirof	Program	
CLS 1080 Intro to Laboratory Medicine	Laboratory Science	Requirement	0
CLS 1081/CLS 1082 Whemistry I and	MLS 325/MLS 325L Cli	Drogram	12
II	Chemistry I and Clin	Program Requirement	
	Chemistry I Laboratory	Requirement	
CLS 1083/CLS 1084 Hematology I and	MLS 310/MLS 310L	Program	7
	Hematology and	Requirement	
	Hematology Laboratory	Requirement	
CLS1085 Urinalysis and Body Fluids	MLS 320/MLS 320L		2
	Urinalysis and Body	Program	
	Fluids and UBF	Requirement	
	Laboratory		
CLS 1089/1090 CliMicrobiology I and II MLS 330/MLS 330L Cli			10
	Microbiology I and Clin.	Program	
	Microbiology I	Requirement	
	Laboratory		
CLS 1070/CLS 1071 Ollianboratory	MLS 431/MLS 432/MLS	Program	20
Rotation I and II	433/MLS 434 Clinical	Requirement	
	Practicum Courses	Requirement	
Total 51 Credits			

^{*}Credit is given for completion of the military training program courses a score of
